

На юге Франции, к северу от средневекового города-крепости Каркассон, находится апелласьон Кабардес – микроразнообразие французского виноделия с уникальным микроклиматом. В самом сердце Кабардеса, у подножия горы Монтань Нуар, расположены наши виноградники и винодельня в поместье Domaine de Cazaban.

Философия проекта Cazaban основана на следовании природным ритмам, а не производственным графикам. Это экосистема, где лоза, люди и представители флоры и фауны стали единым целым в стремлении следовать природным импульсам. Наша миссия – красота отношений природы и души.
